Carrie –

We gave her this list to see if any of these resources that give out furniture would also be giving out appliances.

<http://www.startherestl.org/clothingfurniture.html>

We are also contacting mom as she reached out to a few places that we did not know of. I can send that list once I have it. Bottomline, she could not locate free appliances, only used "scratch and dent" for very cheap.

I hate for her to not have these necessities. I just need a list of the referrals you gave her for these items and confirmation. From you that none were able to help her.

Ok, this is probably too complicated. We will just let her know it's not going to happen.

Thanks.
